

INTERNET SOLUTIONS FOR EVERY BUSINESS

Allegiance offers a complete set of solutions to address all of your online needs, from registering your domain name to hosting a full, secure e-commerce Web site. To get you started, we have several fast, reliable and affordable Internet access solutions designed to meet the specific needs of your business.

With our basic access packages, you get:

- Domain name registration with your own unique Web identity
- Exclusive use of your company's chosen online identity
- E-mail accounts using your domain name
- E-mail storage space
- Ability to access the Internet and view your Web site

For companies that want a Web site to showcase their products and services, our full-service Web hosting and e-commerce services are the answer. You get:

- Web hosting packages with basic design capability
- E-commerce services that make it easy to set up an online retail presence, complete with secure ordering, shopping cart, credit card processing capabilities and a toll-free customer service number

We're ready to help you get started. Call toll free 1-877-932-5902 to speak with one of our knowledgeable, experienced Internet services consultants today or visit www.allegiancetele.com to learn more.

WELCOME TO THE WORLD OF ALLEGIANCE TELECOM AND THE INTERNET

ALLEGIANCE TELECOM IS THE NEW WAY FOR BUSINESS TO CONNECT...TO THE INTERNET.

Our full suite of Internet services offers everything you need to do business online—whether you're not quite sure how to get started or you're ready to join the e-commerce world with your own "virtual storefront."

GET STARTED. We offer several basic Internet access services to get you "Internet connected." You get your own domain name that reflects your company's unique identity, and you'll be sending and receiving e-mail and using the Web in no time. Even if you aren't planning to get online right away, you should reserve your domain name now. Our domain name registration service guards your name so that it can't be used by anyone else.

SHOWCASE YOUR PRODUCTS AND SERVICES. For companies ready to tap into the potential of e-commerce, Allegiance provides Web hosting services and a user-friendly tool that helps you design your own Web site without needing any extensive programming or HTML skills.

Call 1-877-932-5902 today to learn how we can help your business connect in the age of the Internet. An experienced Internet services consultant is available to discuss your needs and the best solution for your business.

If you are a current Allegiance Internet customer, you can order additional features online using the Customer Toolkit at www.internetallegiance.com.

EASY ACCOUNT MANAGEMENT AND POWERFUL BUSINESS TOOLS

Allegiance helps you run your business better by providing online tools that allow real-time management of your account and access to small business resources.

CUSTOMER TOOLKIT. You're in control of your Internet services 24 hours a day, 7 days a week with our exclusive Customer Toolkit. Depending on the services you've ordered, you may:

- Manage user names and passwords
- Create and manage e-mail accounts
- Automate e-mail responses and forwarding
- Set up your ShopSite online catalog
- Monitor disk usage and available space
- Track your entire Allegiance Internet account and order add-on services
- Design and maintain your Web site (no HTML required)

ONLINE SUPPORT. Support and customer care are central to all Allegiance Telecom services. Our support team is easy to reach and is available 24 hours a day, 7 days a week. Or you can use our online tutorials and learn how to:

- Set up your dial-up network
- Configure your e-mail accounts
- Set up your Web site online
- Use the ShopSite Resource Center

MY PORTAL. Just like a consumer "portal" Web site, My Portal from Allegiance helps to keep you informed and organized, and includes:

- An Internet start page to manage your account, products and services
- Customizable news, stock and weather information
- Communications services, such as calendaring

BUSINESS RESOURCE CENTER. This comprehensive Web listing of business services can save users hundreds of hours searching for the business-related information they need, including:

- Legal resources and government listings
- Reference materials from credit reports to the Yellow Pages
