

VOICE SOLUTIONS

Every day your business depends on the ability to make and receive phone calls. Allegiance Telecom offers a comprehensive selection of voice services including features such as voice mail, caller ID, speed dialing and automatic callback—and supports them with outstanding customer service.

LOCAL SERVICE—BUSINESS FEATURES. Our easy-to-use business features make your telephone, and your business, more productive and cost-efficient.

LONG-DISTANCE CALLING. Our complete long-distance package connects you to the world with high-quality service and low rates for both in-state and state-to-state calls.

VOICE MAIL. Choose from nearly a dozen different voice mail packages offering basic to advanced storage and delivery features.

800 AND 8XX NUMBERS. Our toll-free services make you and your business accessible, regardless of your location.

CALLING CARDS. Calling cards are a convenient and cost-effective way to keep employees who travel connected to clients, associates and family.

TODAY'S BUSINESS CUSTOMER HAS A WIDER CHOICE OF TELECOMMUNICATIONS PROVIDERS THAN EVER BEFORE.

WHY CHOOSE ALLEGIANCE TELECOM?

We understand that businesses need to be able to access and deliver information instantly, as well as to keep pace with the rapid movement of products, services and ideas. That's why we offer a complete line of customizable telecommunications services, including local and long-distance calling, enhanced voice features, high-speed data transmission and Internet services—all from one source, on one easy-to-understand bill, with one number to call.

VALUE

Not just another reseller, Allegiance Telecom is a facilities-based company that owns and manages its own network equipment, which means more responsive and reliable service. Our infrastructure is based on the latest developments in network operations, engineered to provide businesses with cutting-edge communications solutions and exceptional customer service at prices well below those of our competition.

By choosing Allegiance Telecom as your single source for telecommunications services, you make the best overall choice for reliability, convenience and value. It truly is the new way for business to connect.

INTERNET AND DATA ACCESS

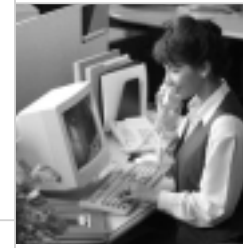

Businesses of all sizes need communications tools previously available to only the largest companies. Allegiance Telecom offers a full range of reliable,

affordable Internet and data access solutions to meet the specific requirements of your business.

We offer several basic Internet access services to get you "Internet connected" today. You get your own domain name that reflects your company's unique identity, and you'll be sending and receiving e-mail and using the Web to enhance your business' productivity in no time. Even if you aren't planning to get online right away, you should reserve your domain name now. Our domain name registration service guards your name so that it can't be used by anyone else.

DEDICATED INTERNET ACCESS. Dedicated Internet access provides businesses with a fast, reliable and secure connection to the Internet, with minimal network delays and guaranteed bandwidth. It is particularly appropriate for those businesses that have frequent, heavy Internet use with multiple, simultaneous users, and those that need to transfer large files, require high-speed access, or use applications such as e-commerce.

INTEGRATED ACCESS SERVICE. Integrated access service from Allegiance Telecom delivers high-speed, "always-on" Internet access and allows businesses to cost-effectively meet their voice, data and Internet needs over a single access line. It is available in a variety of configurations, including 12, 16, 20 and 23 voice channels. Whether you need several phone lines or rapid Internet access—or a combination of the two—Allegiance Telecom can design the perfect package for you.

INTERNET SERVICES

Allegiance Telecom is committed to helping its customers enter the e-commerce arena in a cost-effective manner. We offer a complete set of solutions to address all of your online needs, from registering

your domain name to hosting a full, secure e-commerce Web site. With our basic access packages, you get:

- Domain name registration with your own unique Web identity
- Exclusive use of your company's chosen online identity
- E-mail accounts using your domain name
- E-mail storage space
- Ability to access the Internet and view your Web site.

For companies that want a Web site to showcase their products and services, our full-service Web hosting and e-commerce services are the answer. You get:

Web hosting packages with basic design capability • E-commerce services that make it easy to set up an online retail presence, complete with secure ordering, shopping cart, credit card processing capabilities and a toll-free number for customer service.

With Allegiance Telecom's Internet services you get easy-to-use account management and business tools that include:

CUSTOMER TOOLKIT. You're in control of your Internet services 24 hours a day, 7 days a week with our exclusive online Customer Toolkit.

ONLINE SUPPORT. Augmented by user-friendly online tutorials, we have a support team ready to answer your questions 24 hours a day, 7 days a week.

MY PORTAL. Just like a consumer "portal" Web site, My Portal from Allegiance Telecom helps keep you informed and organized.

BUSINESS RESOURCE CENTER. Just a mouse click away is this comprehensive, customizable business service that can save you hundreds of hours of searching for the business-related information you need.
