

ONE SOURCE. ONE BILL. ONE NUMBER TO CALL.

Allegiance Telecom offers all the telecommunications services your business needs—all from one company, on one easy-to-understand bill, with one number to call.

We back up these services with superior customer support. Through our Customer Care program, you can speak to one of our representatives and receive answers to your questions 24 hours a day, 7 days a week. If you have an issue that cannot be resolved over the phone, we'll promptly send one of our trained technicians to your business.

For maximum convenience, Allegiance Telecom offers a simple pricing structure and flexible billing options. Also, account code features on many of our services help you manage and track your telecommunications costs by department—or even by client.

By choosing Allegiance Telecom as your single source for telecommunications services, you make the best overall choice for reliability, convenience and value. It truly is the new way for business to connect.

VOICE SOLUTIONS FOR BUSINESS NEEDS

RELIABLE. AFFORDABLE. CONVENIENT.

Nothing can replace the personal feeling and relationship building generated by voice communications: that is why voice is still the primary mode of business communication.

Every day, you rely on voice communications to advance your business. Features that were once enhancements, such as caller ID and automatic call back, now are standard productivity features. Today's businesses require a telecommunications provider that can offer absolutely dependable basic service—and much more. Allegiance Telecom is that company.

Switching to Allegiance Telecom means keeping your current phone number, while gaining the most cost-effective, reliable telecommunications service for your business. Our fiber network employs state-of-the-art digital technology to ensure the best possible local, long-distance and international service, as well as a full range of business features.
